

Elements to include in a Patch

Elements to include in your team's mission patch.

1. Graphic(s) that represent your project and or school.
2. Graphics could be a mascot or unique feature that represents your school.
3. The names of all team members. Remember to include your instructor!
4. If a map is included, place a marker to show the general location of your school.
5. Suggestions: Create a design that is **easily** understood. The meaning of your patch should be able to be understood in **10-15 seconds**.
6. Use colors and text types that are compatible. A dark background and thin text are difficult to read.
7. Use images of current or future planned space vehicles.
